

Scientists have concluded that because of its speed as it passes through the Earth's atmosphere, friction with the air causes the asteroid to heat up until it becomes a large mountain burning with fire. As a result, the sea water at the point of impact would boil, and the oxygen in the water would be consumed. Plants, fish, whales, and other marine animals would perish. The impact of the asteroid will create disastrous earthquakes in the great cities of the Earth and gigantic tsunami waves that will destroy a third of the ships. The sea will invade the beaches and the coastal cities will be destroyed. Says the Lord: "Woe to the inhabitants of the sea coast...! The word of the Lord will be against you... and I will destroy you, until there is no inhabitant" (Zeph. 2:5).

And by studying the prophecies we can see that there is little time left for this to happen.

WHAT TO DO TO BE SAVED?

Many cities, especially those on the coast, have become centers of wickedness, and will be punished—some with water and some with fire. Those who would serve God must leave them, and live in the small towns and country, where the influence of evil is less. And they must repent of their sins and serve Him with all their hearts. He says, "Seek the Lord, all you meek of the earth, who have wrought His judgment; seek righteousness, seek meekness; it may be that you will be hid in the day of the Lord's anger" (Zeph. 2:3).

God loves men, even the most sinful. And through Jesus, He will receive all who come to Him. Jesus said, "Him that cometh to Me I will in no wise cast out" (John 6:37). "God our Saviour... desireth all men to be saved, and to come unto the knowledge of the truth" (1Tim. 2:3, 4). Come unto Jesus today, and know the truth. What is the truth? "Thy law is truth" (Ps. 119:142). And God's people keep it: "Here is the patience of the saints: here are they that keep the commandments of God, and the faith of Jesus" (Rev. 14:12).

THE WARNINGS OF THE END THE TRUMPETS OF THE APOCALYPSE

God is love, but He also does not consider the guilty innocent and will, in the last days, destroy those who destroy the Earth. Revelation reveals that great judgments will come upon us. However, they will be mixed with mercy, since God does not want anyone to perish, but everyone to repent and be saved in Christ Jesus, even those in the last hour. John, the apostle who revealed the Apocalypse, said:

And I saw the seven angels who stood before God, and seven trumpets were given to them. And another angel came and stood at the altar, having a golden censer: and there was given unto him much incense, that he should offer it with the prayers of all saints upon the golden altar which was before the throne." Rev. 8:3

Because of the corruption that has become widespread in society and even in the churches, true Christians have cried out to God, saying, "It is time for You to work, O Lord, for they have made void Your law" (Ps. 119:126). "And the smoke of the incense with the prayers of the saints ascended before God from the angel's hand. And the angel took the censer, and filled it with fire from the altar, and cast it to the earth... And the seven angels which had the seven trumpets prepared to sound them" (Rev. 8:4-6).

And the first angel sounded, and there followed hail and fire mixed with blood, and they were cast upon the earth...

which was burned up in its third part; and a third of the trees were burned up, and all the green grass was burned up." Rev.8:7.

And the second angel sounded, and there was cast into the sea as it were a great mountain burning with fire...

... burning in fire,...

and a third of the sea became blood. And a third of the creatures that had life in the sea died, and a third of the ships were destroyed (Rev. 8:8,9).

9. And the third part of the creatures that had life in the sea died; and the third part of the

Note: John sees a celestial body, an asteroid, being thrown into the sea. To him, it looked like a great mountain burning with fire. The asteroid was not seen "falling"; rather, it was "thrown"; therefore, it was coming at a great speed.
